Combat2Coffee CIC

Founded by former British Army Infantry (Royal Anglian) veteran and Prison Officer Nigel Seaman, Combat2Coffee is a community interest Not for Profit start-up founded in 2018 which aims to:

- 1 Create safe community and charity-led spaces within its coffee shops where veterans, families and those struggling with PTSD and other mental health issues can go to feel supported and connected.
- 2 Reform Veteran ex-offender reintegration and improve positive outcomes via its Coffee Roasting and Barista Prisoner Rehabilitation Training Programme.
- 3 Improve sustainability and quality of coffee across the U.K. via its direct trade branded Brazilian coffee and economies of scale achieved by wholesale trade.
- 4 Educate communities and families on de-escalation strategies and techniques when engaging with individuals with disabilities and trauma-related mental health conditions.

Our Coffee

Our coffee is roasted in Ipswich, Suffolk with our team of staff and volunteers many of whom are veterans, current serving military, ex blue light or are working with us as part of our prison programme.

- 1 100% Arabica, single source Brazilian coffee
- 1 Currently provided as bean, grounds and in brew bags

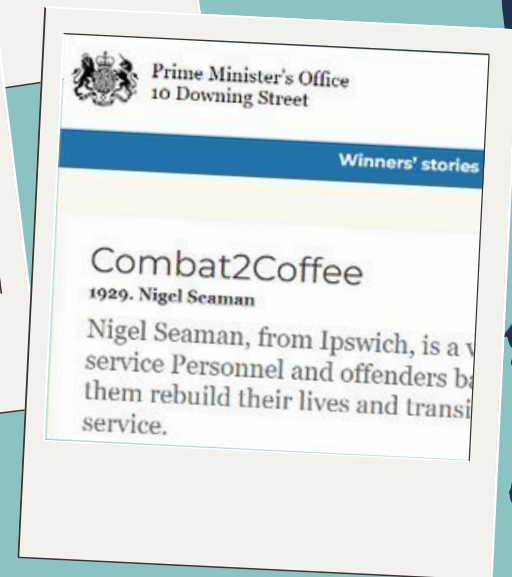

Events for the NHS, Community organisations, Mental Health and Veteran organisations and Businesses

What We Do

**Soldiers are trained to fight and to not show
weakness**

A Soldier is never untrained

**If we can help one person or family through a
conversation today, then this project will be a
success!**

The Armed Forces Covenant

“What is the Armed Forces Covenant? The Armed Forces Covenant is a promise that together we acknowledge and understand that those who serve or have served in the Armed Forces, and their families, should be treated with fairness and respect in the communities, economy, and society they serve with their lives.”
